Hello Everyone —

After a text message from Stephen Kalt of Spartina — which uncharacteristically has been somewhat the victim of too many of the incidents that i did not even get to mention — many involving street related incidents — some involving attacks on their guests — attacks on their staff — some of which are related to the ongoing transient problem — and some not.

In any case Stephen offered up a suggestion to call an immediate meeting of merchants with LAPD Wilshire commanders and local officers to discuss the need for foot beat or more patrols etc and it be held at his restaurant some morning.

SLO Inga Wecker has been out on injury leave. Yesterday I received a call from SLO Dave Cordova who is helping cover her area. He wanted to update me on Sunday's incident — that I might add got significant media coverage (NBC4 did live reports all evening) which doesn't help the areas image.

I mentioned to Dave the desire to hold meeting ASAP and he mentioned that his supervisor Sgt Joseph was not back until I think Friday and he promised to get back to me about this idea.

I heard nothing today so hopefully we will hear something tomorrow.

Best regards

Peter

I think you are all aware of the law enforcement incident we experienced on Melrose last Sunday. It is reported in the Melrose Action Newsletter that I'm forwarding here.

This latest incident is another of a series that reflect the need, in my opinion, for additional LAPD patrol resources

in the Melrose BID area. Our Security Ambassador has observed an absence of patrol vehicles in the area when we have deployed in the evening hours through 0400 (4 AM). The MBIA Board has expressed that concern with SLO Inga Wecker and her Sgt Cleon Joseph. There was discussion of requesting LAPD to reinstate a Melrose foot patrol. During our last Melrose BID Neighborhood Mixer, Captain Sandoval and I spoke of the observed absence of evening patrol resources in the Melrose area. Peter Nichols of Melrose Watch seems to share our concern, as I understand it.

It seems timely to discuss what appropriate next steps should be taken at our next Melrose BID Board meeting next week, on Friday October 14. Perhaps the Council Office will have some suggestions. Or, perhaps LAPD.

I've copied a number of our stakeholders looking for their thoughts.

### WILSHIRE COMMUNITY POLICE STATION / WEST TRAFFIC DIVISION

In an effort to keep in touch with communities all over Los Angeles, the **Los Angeles Police Department's Wilshire Station** has announced a impromptu social meet up Friday, October 7th. Called "Coffee With A Cop", the "no agenda" meeting will be held at Canter's Deli from 10 am - 12 pm. [For map location click here](#). Neighbors and community stake holders are encouraged to come down and meet with your local L.A.P.D. officials for a relaxed open meeting about any issues, questions, or concerns you might have in relation to public safety in our area or the city at large. Free coffee and treats will be served. For more information, please contact the L.A.P.D. Wilshire Community Relations office at [\(213\) 473-0200](tel:2134730200). See flyer below for more info.

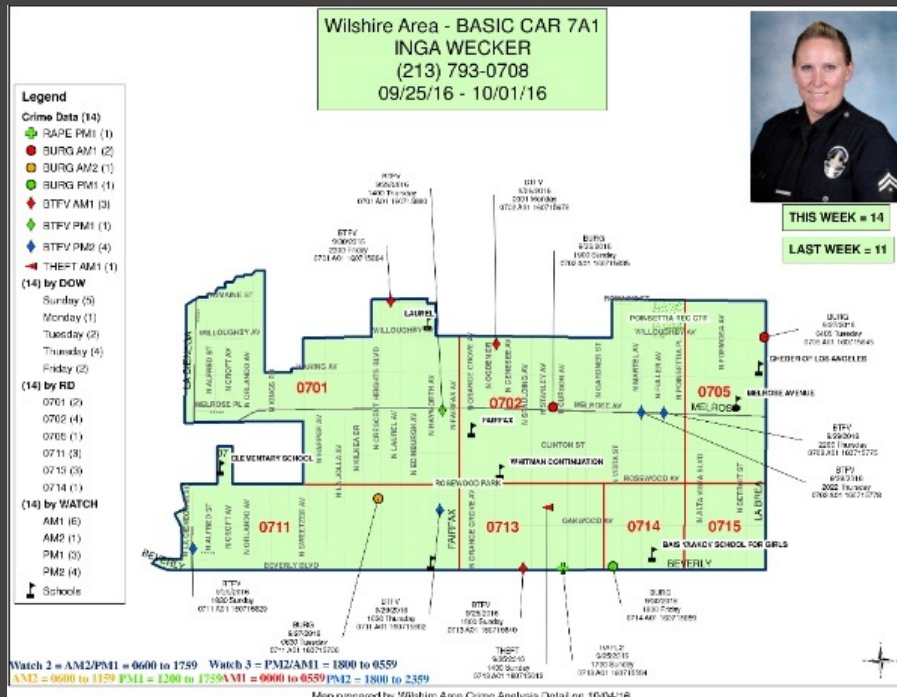

An incident occurred on Sunday October 2nd that apparently started on the patio of Spartina Restaurant - at Gardner St and Melrose Ave. According to Los Angeles Police Department officials at our Wilshire Station -- three intoxicated individuals got into some sort of altercation with each other then with other unknown persons at the restaurant with a series of events that included breaking glass, vandalism, some sort of assault, and more before the three suspects headed east on Melrose. They briefly slipped into Vinoteque Restaurant where they caused more disruption. The incident culminated in the arrest of all three suspects at Vista St and Melrose Ave. A senior lead officer from the LAPD Wilshire Station told Melrose Action that as of Tuesday October 5th - the three suspects were still in custody facing multiple charges. It's been a really rough period -- crime wise -- on that corner and on Gardner St itself lately -- starting a few months back with a armed robbery of a staff member of Spartina in the adjacent alley, a separate attempted robbery on the 700 N. block of Gardner not long after, another armed robbery and battery of a victim at Waring and Gardner - add to those the reported rape in a home on the 800 N. block of Gardner that is related to the subsequent arrest of a homeowner suspected of a murder that occurred in West Hollywood. See photos of last Sunday's incident below.

**This is a message that bears repeating, no matter where you live in the world: Your assistance is needed in preventing terrorist acts.**

It's a fact that certain kinds of activities can indicate terrorist plans that are in the works, especially when they occur at or near high profile sites or places where large numbers of people gather—like government buildings, military facilities, utilities, bus or train stations, major public events, amusement parks, movie theaters, shopping malls. If you see or know about suspicious activities, like the ones listed below, please report them immediately to the proper authorities. In the United States, that means your closest Joint Terrorist Task Force, located in an FBI field office. In other countries, that means your closest law enforcement/counterterrorism agency.

**Surveillance:** Are you aware of anyone video recording or monitoring activities, taking notes, using cameras, maps, binoculars, etc., near key facilities/events?

**Suspicious Questioning:** Are you aware of anyone attempting to gain information in person, by phone, mail, email, etc., regarding a key facility or people who work there?

**Tests of Security:** Are you aware of any attempts to penetrate or test physical security or procedures at a key facility/event?

**Acquiring Supplies:** Are you aware of anyone attempting to improperly acquire explosives, weapons, ammunition, dangerous chemicals, uniforms, badges, flight manuals, access cards or identification for a key facility/event or to legally obtain items under suspicious circumstances that could be used in a terrorist attack?

**Suspicious Persons:** Are you aware of anyone who does not appear to belong in the workplace, neighborhood, business establishment, or near a key facility/event?

**"Dry Runs":** Have you observed any behavior that appears to be preparation for a terrorist act, such as mapping out routes, playing out scenarios with other people, monitoring key facilities/events, timing traffic lights or traffic flow, or other suspicious activities?

**Deploying Assets:** Have you observed abandoned vehicles, stockpiling of suspicious materials, or persons being deployed near a key facility/event?

If you answered yes to any of the above...if you have observed any suspicious activity that may relate to terrorism...again, please contact the Joint Terrorist Task Force or law enforcement/counterterrorism agency closest to you immediately. Your tip could save the lives of innocent people, just like you and yours.

**Mega-Mansion Construction Sites and Unsecured, Vacant Properties -- Now Safe Havens For Transients and Criminals?**

**BEWARE!** The numerous so-called "Mega" or "McMansion" homes under construction and vacant properties around the our neighborhood have become "home" to transients and criminals seeking a place to squat. Neighbors have been complaining to police and other city officials about recurrent transient trespass activity at these sites. Many of the locations are completely unsecured and anyone can access them unabated -- sometimes because of no construction activity occurring for weeks at a time. If you live near or next to one or more these sites and see suspicious activity -- call the police! Also - contact our community police officer LAPD Senior Lead Officer Inga Wecker at [2131793-6708](tel:21317936708) or email her at [37580@lapd.lacity.org](mailto:37580@lapd.lacity.org)

Also -- some of the completed "mansions" have created other nuisance issues as some of them have become technically illegal rentals listed on Airbnb and other online services. If you have a nuisance issue with a local home or property -- you can report the property to the Los Angeles City Attorney Neighborhood Prosecutor Nooshi Zahiri at [mehrnoosh.zahiri@lacity.org](mailto:mehrnoosh.zahiri@lacity.org)

## LAPD WILSHIRE COMMUNITY REMINDER

### City of Los Angeles Leash Law

If you take or allow your dog off your property or place of residence, you must have it restrained by a substantial chain or leash not exceeding 6 feet in length.

Failure to do so could result in a stiff fine.

Beware that retractable leashes are not permitted if extended more than the requisite 6 feet. Once they become longer--they no longer comply with city of Los Angeles law.

There are a number of dog parks in the city where it is legal to let your dog off-leash, but no beaches in the city of Los Angeles at present.
